

I've been listening to K-Love off and on for quite a while and have found that regardless of what the situation in my life, I can tune in and find peace of mind. I'm able to relax even under stressful conditions; I'm encouraged by the music and the message brought to me. If my local station were to be displaced by an LPFM broadcaster, I feel it would be a great loss to this community. We depend on K-Love to bring us the message of God during our hectic days. I ask that you consider and reconsider having an LPFM broadcaster take over the current FM translator we'd lose a great asset if that were to happen.

Thank you for your consideration in this matter!
